Descripción general de la ayuda, Candidatos y Propuestas	
<p>The program is designed to support basic and clinical research in the field of liver disease. Areas of research may include, but are not limited to:</p> <ul style="list-style-type: none"> -Chronic viral hepatitis -End-stage liver disease and its complications -Non-viral chronic liver diseases -Basic, clinical, and translational research related to liver disease <p>Awards granted under the program may not be duplicative of funding from institutional or hospital, other governmental, non-governmental, or industry sources. Applicants seeking an award for research projects that are currently receiving or may receive partial funding from other sources are required to submit appropriate evidence, including budget information related to the other sources, to demonstrate that there is no direct overlap or duplication in funding.</p> <p>Applicants must meet the following requirements:</p> <ul style="list-style-type: none"> -Hold an MD, DO, PhD, or equivalent degree at time of award. -Anticipate receiving a faculty appointment or an assistant professorship within 3 years, in association with a research institution in one of the eligible countries/regions at the time of application (see below for list of countries) -Have a strong career interest in liver disease -Have a research mentor with extensive experience in the field of liver disease -Be able to devote at least 50% of their professional time to research (versus administrative, patient care, or teaching responsibilities) -Be able to complete the proposed research within the 2-year award period, providing evidence (manuscript, presentation, or abstracts) for future research projects. 	
Financiación	
<p>Dotación: The program provides financial support to the institutions of 3 junior faculty researchers for a 2-year period. Each award is funded up to USD 130.000, to be paid in annual installments of up to USD 65.000 per year for 2 years. Awards will be paid in the local currency of the award recipient. Funding for the second year is contingent upon submission of a progress report by each junior faculty researcher and approval by the Scientific Review Committee which oversees the program.</p>	
Procedimiento para la solicitud	
<p>Applicants must complete the online Application Form (all fields must be completed or applicant will not be able to submit) with the required Supplementary Materials.</p> <p>http://researchscholarsld.gilead.com/overview</p>
